President's Statement for AGM, 14 Sept 2023

Welcome to this year's Basketball Association of Singapore's (BAS) Annual General Meeting 2023.

On behalf of the Management Committee, I would like to extend a warm welcome to everyone who have taken precious time off from your busy schedule to attend the 2023 Annual General Meeting. As we gather, it marks two years since the current Management Committee (MC) assumed office in 2021. I would like to express my deepest gratitude and appreciation to each member of the MC for their dedicated efforts, which have been instrumental in helping BAS achieve many of our objectives.

Throughout the years, we have continued our relentless effort in promoting basketball as a sport of choice amongst the community, especially in the challenging times after the COVID-19 pandemic. I am delighted to see every sub-committee investing significant time and effort in organizing events that cater to the diverse needs of various stakeholders within the Singaporean basketball community.

I would like to express my heartfelt gratitude to our esteemed sporting partners - Singapore National Olympic Council, Sport Singapore, Li Ning (Sunlight Sports Pte Ltd), Molten (Pacific Sports Pte Ltd), Bona Far East & Pacific Pte Ltd, Sports Physiotherapy Orthopedic Rehabilitation Training Pte Ltd, Noble Wealth Group, and Rigorer Singapore - for their unwavering support. Your continuous support is highly valued, and I am eagerly looking forward to fostering further collaborations with all our partners to promote basketball.

Annual General Meeting 2022

The Annual General Meeting (AGM) took place on September 18, 2022, during which the implementation of the amended BAS Constitution was put to a vote. The proposed changes were approved, and it was agreed to enact the amended BAS Constitution 2021 (except the AGM-election provisions) from 1st October 2022. The remaining AGM-election provision will come into effect on 1st April 2023. This implementation aligns with the requirements of Sports Singapore and fulfills one of BAS's key deliverables. I thank the members who were present and approved its implementation from October 2022 onwards

National Teams, 31th SEA Games 2021 and FIBA 3x3 Asia Cup 2022 / 2023

The 31st SEA Games held in Hanoi, Vietnam, from May 12 to 23, 2022, witnessed the active participation of both our Senior Men's and Women's National Teams. Notably, BAS achieved a historic milestone by sending four teams, competing in both the 3x3 and 5v5 categories, marking the first time ever. Although the teams did not secure podium finishes, the experience gained and exposure received during the games were invaluable for their future competitions. The teams also garnered significant media attention, including media interviews in the lead-up to the SEA Games.

The 5v5 and 3x3 as well as the Youth National Teams participated in multiple qualifiers and tournaments, excelling in their performances. The athletes acquired valuable competition

exposure and experience that will serve as a solid foundation for their future endeavours in upcoming competitions.

The prestigious FIBA 3x3 Asia Cup witnessed its FIFTH edition in Singapore from July 6-10, 2022, followed by the SIXTH edition from March 29 to April 2, 2023. Our BAS Men's and Women's teams participated in both events, demonstrating remarkable determination and effort as they competed against formidable opponents on the international stage.

Notably, our 3x3 Men's Team achieved a significant milestone by securing a spot in the Quarter-finals. Despite facing a tough battle against Team China, the team displayed exceptional performance and competitive spirit throughout the match. The participation of BAS in these editions of the FIBA 3x3 Asia Cup showcased our commitment to excellence in the sport, and the impressive showing of our athletes bodes well for future international competitions

I extend my heartfelt gratitude to SportSG and SNOC for their unwavering trust and support in basketball. BAS, in collaboration with the Coaching & Development Committee, is committed to working closely on the High-Performance Competition Plan, as we meticulously prepare for future international competitions

Major Domestic Tournaments

In early April 2022, as COVID-19 restrictions eased, BAS made a successful return to action by hosting the BAS 3x3 Open 2022 tournament. The tournament saw the participation of 41 teams and a total of 164 individuals. Adding to the significance of the occasion, Mr. Eric Chua, Parliamentary Secretary from the Ministry of Culture, Community and Youth, and the Ministry of Social and Family Development, graced the event as our Guest of Honour. He graciously presented the prizes, trophies, and medals to the deserving winning teams.

During June 2022, BAS hosted the Rigoer Youth Championship 2022, formerly known as the Milo Cup, which saw a record-breaking participation of 82 teams. This year, we introduced live streaming of the Finals, attracting an impressive viewership of over 11,371 for the 8 games streamed live.

Between August to September 2022, we witnessed the revival of the National Basketball League, featuring ten (10) of Singapore's prestigious teams and elite athletes. They competed fiercely in 45 matches during the preliminary rounds at the Singapore Basketball Centre. The excitement continued with six thrilling semi-finals and finals matches held at the Toa Payoh Sports Hall. To ensure broader access, all games were live-streamed on our social platform, attracting an impressive viewership of over 94,000. We were honoured to have Mr. Eric Chua, Senior Parliamentary Secretary for the Ministry of Culture, Community and Youth, and the Ministry of Social and Family Development, join us as the Guest of Honor. He graced the event and presented the prizes, trophies, and medals to the deserving winning teams.

Between October and November 2022, the Women's National Basketball Leagues witnessed the active participation of fourteen (14) teams. A total of 53 matches were played, with some hosted at the Singapore Basketball Centre and the Semi-finals and finals held at

the Toa Payoh Sports Hall. In the same vein, BAS live-streamed all the games on our social platform, garnering an impressive viewership of over 38,000. We were privileged to have Dr. Teoh Chin Sim, Chair of the Women in Sport Committee of the Singapore National Olympic Council (SNOC), as our esteemed guest and presented the prizes, trophies, and medals to the well-deserving winning teams.

During March 2023, the Southeast Asia Women Basketball League (SWBL) was held at the Toa Payoh Sports Hall from the 3rd to the 5th. The event brought together three neighbouring countries, namely Indonesia, Malaysia, and Thailand, who came to Singapore to prepare together for the SEA Games 2023, Cambodia. We were honoured to have the presence of Ms. Josephine Teo, Minister for Communications and Information, and Second Minister for Home Affairs, who graciously graced the occasion.

Coaching & Development

In both May and October 2022, the Coaching & Development (C&D) Committee successfully organized and conducted two SG-Coach Level One Basketball Coaching Courses. These courses saw a total of 56 participants attending, and the committee ensured the smooth completion of the courses without compromising their high standards and quality.

During the period spanning April 2022 to March 2023, the Coaching and Development team successfully organized several coaching clinics in partnership with various collaborators. One notable clinic was the Sports Performance Specialist Level 1 course, a significant joint effort between BAS and FIBA Asia. The main goal of this course was to enrich the basketball ecosystem by offering participants a specialized strength and conditioning program tailored to basketball. Moving forward, the C&D team remains committed to organizing further coaching clinics that cater to the needs of our participants.

Technical Committee

In light of the relaxation of COVID-19 restrictions, the Fiscal Year 2022 has emerged as a notably active period for technical officials. They are presented with diverse opportunities for deployment across a range of games and events. In addition to these deployments, the technical committees of the Basketball Association of Singapore (BAS) have been diligently coordinating initiatives to enhance the proficiency of referees at fundamental levels. These efforts entail close collaboration with FIBA on essential endeavors like Referee Clinics and 3x3 Licensing.

It's noteworthy that FIBA, recognizing the capabilities of the Basketball Association of Singapore (BAS), has generously allocated six (6) slots for FIBA Referees and three (3) slots for FIBA Commissioners as part of the FIBA GOL 2023-2025 program.

We take immense pride in the fact that Singapore's FIBA Referees have received nominations for assignments beyond the geographical confines of South East Asia and the Asian continent.

Sponsorships and Digital Media Presence

The Marketing and Publicity (M&P) division remains steadfast in its pursuit of primary objectives, which involve adopting a proactive stance to amplify digital involvement in basketball. Simultaneously, the division aims to bolster the Association's visibility among the public and augment the digital attention directed towards basketball.

The M&P consistently generates high-quality content, serving as a means to engage the basketball community and entice a larger following for the sport. Emphasizing the utilization of social media platforms and cutting-edge websites stands as a pivotal approach employed by the Basketball Association of Singapore (BAS) to establish connections with the public and basketball enthusiasts.

The M&P is perpetually engaged in refining its branding efforts and actively shaping a commercial strategy in alignment with the objective of expanding and diversifying revenue streams. These endeavors are undertaken with the overarching aim of enhancing self-sustainability.

SAFE SPORTS PROGRAMME

In our capacity as the National Sports Association (NSA) overseeing basketball in Singapore, the Basketball Association of Singapore is resolute in its commitment to fostering a secure environment within the realm of basketball. We are dedicated to shielding our athletes from any form of abuse or harassment that could compromise both their physical and mental well-being, as well as the integrity of the sport itself.

Cultivating a positive sporting culture is a collective responsibility. In the year 2020, during a period of halted sports competitions, a number of athletes courageously came forward to shed light on instances of mistreatment they had encountered and endured. Their calls for an end to such practices were not only heard but acknowledged. At BAS, we are unwavering in our efforts to establish a harmonized and well-coordinated safeguarding framework throughout the basketball ecosystem, encompassing organizations responsible for orchestrating, managing, and facilitating basketball participation.

As of January 2023, BAS has aligned itself with The Safe Sport Commission Singapore as a committed participant in 'The Safe Sport Programme'. This program encompasses all the essential components required to effectively implement the Unified Code within sporting organizations. This involvement entails receiving assistance and support in various crucial domains:

- Policymaking
- Training and Education
- Facilitating Support
- Case Management Service
- Access to Systems
- Accreditation

Conclusion

Although significant progress has been made, there are still many areas that require improvement and further efforts. Elevating the standards in basketball is an ongoing journey. Success can only be achieved by collaborating as a team, with members and stakeholders passionately dedicated to fulfilling the vision and mission of BAS. We should strive to enhance the unwavering support of our fans, clubs, sponsors, and partners, fostering development and growth. By staying united and working together, we can ensure the betterment of basketball for all.

Thank you.

BAS Human Resource and Finance Manager (HRFM), Ms Felicia Tey was on maternity leave which delayed the finalisation of the account for auditing. ii. Manpower constraints by auditors as there were other on-going audits due for checks and completion concurrently. iii. 	<ol style="list-style-type: none"> 1. It has come to SportSG’s attention that the Basketball Association of Singapore (BAS) did not manage to pass the resolution to implement the amended BAS Constitution 2021 (except the Annual General Meeting (AGM)-election provisions) to Q2 of Year 2022 at the recent Extraordinary General Meeting (EOGM) that was held on 17 April 2022. 2. SportSG is disappointed with the outcome. 3. According to the roadmap that BAS submitted on 31 August 2021 (as part of the agreement to reinstate BAS fundings), BAS had committed to endorse the implementation of the amended constitution at the EOGM in April 2022, and to hold the Annual General Meeting (AGM) based on the amended constitution in June 2022. This commitment was not met. 4. I urge BAS to pass the resolution of implementing the amended BAS Constitution 2021 (except the AGM-election provisions) at the upcoming AGM on 26 June 2022. 5. I reiterate that the implementation of the amended constitution is for the purpose of proper and good governance, and the continued funding to BAS by SportSG is dependent on this shared alignment. <p>In response to Mr Ong Peng Kiat’s second question, Legal Advisor Mr Cory Wong referred to page 19 of Basketball Association of Singapore Annual Report 2021/2022, Minutes of Annual General Meeting 2021, 30 May 2021, 11am. As written and explained, Legal Advisor Mr Cory Wong informed members that as the constitution Rule 7.2 states that “every nomination must be seconded by another BAS member”. This means that all that is required for a valid nomination is just one other BAS member to second or propose. The BAS nomination forms call for both a proposer and seconder just so as to be on the safe side. But these two affected club’s nominations remain valid because they still have valid support from one other BAS member. It is not necessary to have two signatories according to the clear language of Rule 7.2.</p>
7.4	<p><u>Letter 3 – from Mr Chan Say Gay (Adriot Sports Association)</u></p> <p>General Manager, James Soh, read out the letter to attendees.</p> <p>In response to Mr. Chan Say Gay's letter, Dr. Koh Koon Teck stated that the Honorary Treasurer had previously responded to the question listed during the reporting of the Annual Statement of Accounts for the Fiscal Year ended March 31, 2022.</p> <p>Addressing other questions, Dr Koh Koon Teck shared with members, with the acknowledgement of MC members, that there were two (2) workshops held with SportSg with the intention to assist NSAs in being self-reliant and with the gap observed for BAS to generate revenue. A follow-up recommendation by FIBA Singapore, with support from SportSG, identified Australia as one of the countries with a successful model. The study trip was postponed to August, away from its initial proposed date in June, so there will be a proper</p>

	<p>assessment of the staff assigned and the business model run by full-time staff.</p> <p>Dr Koh Koon Teck shared that constitution did not indicate any specifications or guidelines with regards to the staff, while under probation, to be sent for training or oversea trip, and the recommendation was made by FIBA Singapore and SportSG, in support of the President.</p> <p>GM James Soh shared with attendees the approving authority and approving limit for the purchase of goods and services. GM has been authorized to approve an expense of up to \$1,000 and the President has been authorized to approve an expense of up to \$10,000. For the requisition above, the mentioned amount must be presented to the EXCO committee for up to \$20,000 and to the MC for \$20,000 and above.</p> <p>Further to Mr Koh Kah Tiong's inquiries about the study trip, Legal Advisor Cory Wong sought to clarify with Mr Koh Kah Tiong his definition and perspective of damage done or wrongdoing for sending staff on probation for a study trip. In response, Mr. Koh Kah Tiong stated that there should be proper governance by any organization and that it is wrong to send probation staff on a study trip. Mr Cory Wong stated that there are numerous methods for employees to instate into their employment contract and there is nothing wrong with implementing the procedure.</p> <p>Mr Koh Kah Tiong wished to put on record that statement based on the statement made by Legal advisor Cory Wong.</p> <p>Mr Chan Say Gay (representative of Adroit Sports Association) further stated he wanted an answer if it was a right practice made by BAS but did not make any specific statement indicating if it was right or wrong.</p>

**ANNUAL GENERAL MEETING
ANNUAL REPORT FOR MARKETING & PUBLICITY COMMITTEE
FROM 1 APRIL 2022 TO 31 MARCH 2023**

1. Marketing & Publicity Committee

Chairman : Mr Kelvin Tan
Member : Mr Matthias Koh
: Ms Aisha Abdullah
Secretariat : Mr Ng Pau Shen, Chris

The Marketing & Publicity (M&P) Committee continues to focus its efforts on the core objectives of enhancing BAS's brand awareness and fostering the enduring passion for sports in Singapore. M&P has taken various innovative approaches to ensure the successful and sustained realization of these primary goals for the years to come.

2. Key Milestone - New Logo, New image

In order to rebrand the image of BAS, the marketing and publicity committee initiated the strategy by changing the BAS Logo.

The M&P committee organized a logo design contest for BAS through social media and the website to boost public engagement. A total of twenty-seven (27) logo submissions were received, out of which 3 were shortlisted for voting by the board members. Ultimately, Mr. Mustafa Bin Abdul Razak emerged as the winner

with the highest number of community votes and was rewarded with a cash prize of SGD 1000.

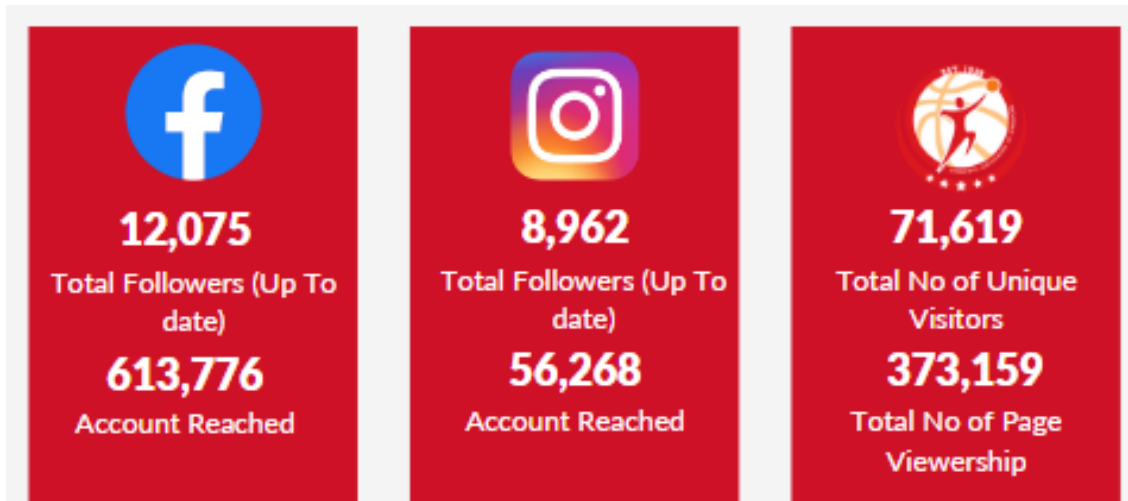

Mr Mustafa presented the meaning of the logo as per following:

"The circular logo not only takes the shape of the basketball but also signifies our community as well. The graphic of the silhouette is associated with speed and agility. This silhouette seems to be stretching his hand out to toss the ball, signifying the reaching of new heights. It reflects the meaning - we are reaching new heights together as a community."

Besides that, the M&P committees have developed distinctive logo designs for each of the tournaments organized by BAS. This measure aims to immortalize the BAS tournaments for posterity.

3. Digital Media Updates & Quality Content

Currently, BAS has 12,075 followers on Facebook and 8,962 followers on Instagram. In FY22, our Facebook and Instagram posts reached 613,776 accounts and 56,268 accounts respectively. As for BAS's website, we have a total number of 71,619 unique visitors and a total number for page viewership at 373,159.

The Marketing & Publicity Committee's main goal has always been to engage the basketball community and draw in more fans and the general public to the sport of basketball through regular updates about BAS events and high-quality content.

To achieve this, the M&P committee has implemented a consistent backdrop and theme for all social media posts and event/tournament updates. This standardized and modern approach is intended to capture the public's attention more effectively.

The social media updates for National Basketball League Division 1 and Women National Basketball League feature distinctive and contemporary designs when posting game results. The M&P committee has established this as a benchmark, requiring that all marketing promotions for every event must meet this standard or higher.

Besides the usual updates on the BAS event, the M&P committee also took the initiative to conduct short Q&A sessions with players and technical officials. This approach was aimed at generating public exposure and offering basic knowledge about basketball to the audience.

4. Media Coverage for Events

Besides the usual updates on the BAS events and national team status, the M&P committee also works closely with some other companies, such as local publishers, live streaming companies, and photographer studio, in order to reach out to more people and increase awareness of the sport and the organization's events. Following are the events and tournaments that the M&P had covered for FY22.

At present, the BAS YouTube Channel has 11,800 subscribers, and the M&P committee is actively devising strategies to leverage this platform for promoting and raising awareness about the sport and our organization.

Furthermore, the M&P committee played an integral role in marketing and promoting SWBL 2023, an event hosted in Singapore by BAS. They extended invitations to countries like Malaysia, Thailand, and Indonesia to participate in the tournament. Furthermore, The Straits Times was also invited to provide media coverage for this prestigious event.

SINGAPORE – The Singapore women's team were looking to close their debut at the South-east Asia Women Basketball League (SWBL) on a high, after two defeats last

In addition, M&P initiated a new approach to do a promotion for one of our major tournaments, National Basketball League, Division 1. The M&P engaged photography studio, Siècle Studios, to film individual photo shoots for the players from each of the clubs. This endeavor aimed to enhance the professionalism and aesthetic appeal of all social media updates related to the tournament. Besides that, the M&P also printed individual club and players' within the BAS facilities to publicize the events as well as introducing the clubs to the public.

5. Sponsorship and Stakeholders Engagement

Sponsorship and duration		
1	Bona Far East & Pacific Pte Ltd	Two-year flooring maintenance service for the BAS courts.
2	Sunlight Sports (Li Ning & McDavid)	Official Apparels and Accessories for National Team / Officials and BAS Representatives
3	Pacific Sports (Molten)	Official basketballs for BAS for national training and tournament usage
4	Rigorer	Sponsors for the Youth Cup event on a three-year contract.
5	Sports Physiotherapy Orthopedic Rehabilitation Training Pte Ltd (SPORTSG)	Offer one year of support for physiotherapy, sports massage, and strength sessions for National Team
6	Noble Wealth Group	Six months of free personal accident insurance to all national players (Senior and Youth).

The M&P committee deeply values and appreciates the ongoing support of sponsors who contributed through both monetary and value-in-kind sponsorships. The M&P committee will continue its effort to maintain existing sponsors while actively seeking new opportunity and potential sponsorship to ensure the sustainability and growth for High-Performance planning for the National Team as well as BAS' operation.

M&P is in close collaboration with various local media representatives and publishers, including Straits Times, Shin Min Daily News, Zaobao, and Channel News Asia. This partnership aims to enhance media coverage and exposure for our players and the events organized by BAS.

Furthermore, M&P committee also set a standard for sponsorship decks in order to differentiate the level of sponsorship of our partners in exchange for what BAS

	<p>is able to provide them in terms of the different levels of publicity as well as benefits for their organizations' sponsor. M&P believes this could help to have more collaborations and partnerships with current and new partners for BAS' upcoming events and plans.</p>
<p>6.</p>	<p>Upcoming Events & Plan for FY2023</p> <p>There are a lot of pipeline events as well as marketing support for some Singapore will host FIBA 3X3 Asia Cup 2023 as well as the FIBA ICC 2023 at Singapore Sports Hub, which required a lot of marketing support from BAS. With these collaborations, it could help to increase the awareness of the sport to the public in Singapore. International games that were hosted in Singapore in FY23. In April 2023,</p> <p>Building on the successful standards and changes introduced during the NBL Division 1 2022 and WNBL 2022, M&P committee is determined to continue generating innovative marketing ideas and comprehensive coverage for all the upcoming BAS-organized events. These includes events like NBL Qualifying Round 2023, Rigorer Youth Cup 2023, NBL Division 1 2023 and WNBL 2023. In terms of Digital Media Marketing, M&P committee also attempts to catch up with the trends by coming out with some short video promotions, such as TikTok & YouTube Channel, in order to increase the viewership from the public as well as to make Basketball to be more recognized by the public.</p> <p>In FY23, the M&P committee has set fundraising as one of its key performance indicators. Instead of solely relying on funds from SportSG and sponsors, the committee aims to organize a fundraising event or launch an online campaign to encourage public donations for the advancement of the High-Performance team and the National Team's development, along with upgrading BAS facilities.</p> <p>Moreover, the M&P committee will work on formulating a commercial strategy in collaboration with current or potential sponsors and partners. This strategic approach seeks to generate increased revenue through mutually beneficial</p>

	partnerships between both organizations.
7. Conclusion	<p>Being innovative and rebranding BAS is very difficult, without the support and guidance of all the BAS MC members, secretarial staff, volunteers, sponsors, and partners, the M&P committee will not achieve such a result and changes. Hence, the Marketing & Publicity Committee would like to extend its appreciation to all the mentioned stakeholders.</p> <p>Nevertheless, the M&P committee would like to express its heartfelt thanks to all the public who followed and subscribed to BAS' social media platform. We will continue our hard work in order to come out with some interesting content in order to let the public retain their interest in the sport and organization as well as increase the awareness of the sport and organization itself.</p> <p>Hopefully, with all these hard works, M&P committee could attract new potential sponsors or partners to collaborate together in order to grow the love of the sport as well as the revenue to sustain the BAS' development and operations.</p>

Among the attendees were members of the Technical Committee, Management Committee, as well as key office bearers, including the President, Deputy President, Vice President, and Secretariat.</p> <p>The primary focus of the engagement session was to foster an open dialogue, encouraging technical officials to share their valuable feedback and insights. Participants actively discussed various strategies to support and enhance the development of technical officials within the Basketball Association of Singapore</p>

(BAS). The session proved to be highly productive, serving as a platform for collaboration and solidifying the bonds within the technical community of the organization.

The event concluded on a high note, with basketball games and a prize presentation to celebrate the engagement. The organizers extend their heartfelt appreciation to all attendees for their active participation and valuable contributions to the session's success.

The new Technical Committee Leadership Organization chart was also presented to all the Referees. The purpose of the re-org is to allow the Technical Committee to have the right leadership person to focus on the upcoming plans the Technical team is focusing on.
